PROFESSIONAL SUMMARY

Motivated and adaptable software engineering student with a strong academic foundation and a real interest in technology. I have developed my skills in a variety of programming languages, including HTML, CSS, JavaScript, PHP, and C-Sharp (C#), through hands-on experience. My knowledge of MySQL, Laravel, WordPress, and Figma expands my toolkit's adaptability. I'm motivated by a desire to solve problems and keep up with the ever-changing technological scene. I am excited to begin a lucrative career in software engineering as a devoted team player with great communication and cooperation abilities.
